

WorkforceIQ Code of Business Conduct & Ethics

Section: Section 1: Mutual Respect & Non-Discrimination | Page 1 of 2

WorkforceIQ enforces zero tolerance for harassment, discrimination, or retaliation based on gender, race, age, religion, disability, or sexual orientation. All personnel must complete annual Anti-Harassment and POSH compliance training within 30 days of joining. Violations trigger prompt independent investigation by People Operations and the Ethics Committee.

WorkforceIQ Code of Business Conduct & Ethics

Section: Section 2: Confidentiality, AI Ethics & IP Ownership | Page 2 of 2

All intellectual property, proprietary algorithms, client datasets, and internal ML weights developed during employment remain the sole property of WorkforceIQ. Employees must not input confidential company source code or customer PII into unvetted public third-party generative AI services. Whistleblower disclosures regarding safety, financial irregularities, or unethical AI practices are strictly protected with total anonymity.
